Soft loops prevent slippage without damaging the frame.

Lightweight and comfortable for extended wear.

Reduces the risk of dropping or losing spectacles.

Description

The ESA02 Black Spectacle Neck String is the perfect accessory for keeping your spectacles safe and easily accessible. It can be easily attached to the temple arms of KARAM spectacles and worn around the neck, ensuring that your eyewear stays with you at all times. The soft loops are designed to hold your spectacles securely in place, preventing them from slipping off your face. This neck string not only offers practicality but also adds an extra layer of security to avoid losing your spectacles.

Warranty: 1 year from the date of invoice against any manufacturing defects.
