EN 166:2001, EN 170:2002, IS 8521(Part1):2022, Conforms to ANSI Z 87.1-2020

Description

The ES009 Safety Goggles provide ultimate protection against chemical and liquid splashes with a unique wrap-around design. Fitted with hardened anti-fog coated lenses, they prevent mist buildup while ensuring clear vision. The soft PVC shroud around the lens guarantees 100% sealing and features special one-way ventilation caps to allow air circulation without letting harmful liquids in. With 99.9% UV protection and a scratch-resistant, impact-resistant polycarbonate lens, these goggles offer excellent eye safety. They are fully adjustable with an elastic headband for a snug fit and can be worn over prescription glasses. Tested for durability, they are ideal for industrial environments requiring maximum eye protection.

Warranty: 1 year from the date of invoice against any manufacturing defects.
