Description

The ES004 Safety Goggles offer unmatched comfort with a wide, soft PVC body for a snug protective seal. Featuring a flip-up window for clear vision when not engaged in welding, these Safety Eyeglasses are perfect for electric arc welders. Equipped with a durable IR-11 lens, they ensure superior eye protection during welding operations. With four indirect ventilation caps and a fully adjustable elastic headband, these Protective Eyewear goggles provide enhanced comfort and airflow. The replaceable lens design adds versatility, making them an ideal choice for long-term use. Tested for durability, ignition resistance, and optical clarity, they ensure industrial-grade safety.

Warranty: 1 year from the date of invoice against any manufacturing defects.

Ideal for use

Grinding and Welding
