

Frontier Natural Latex Orange Gloves

SKU: FT552

Key Features

22 mil Natural latex flock lined household gloves.

Fish scale pattern for an enhanced grip in wet and dry conditions.

Pure cotton flock lining provides easy on and off, plus moisture absorption.

Chlorinated for best chemical resistance and least latex allergy to the wearer.

Rolled cuff provides additional strength to cuff edge for long lasting life and prevents liquid run-off.

Sanitized with bacteriostatic and fungistatic additives for advanced protection.

Description

Introducing the Frontier Natural Latex Orange Gloves FT552

(<https://karamonline.com/chemical-resistant-gloves-orange-ft552>), designed for superior hand protection (<https://karamonline.com/hand-protection>). These 22 mil natural latex gloves feature a unique fish scale pattern for enhanced grip in both wet and dry conditions. Lined with pure cotton, they offer easy on-and-off wear and moisture absorption. Chlorinated for optimal chemical resistance and minimal latex allergy, these gloves ensure safety without compromise. The rolled cuff adds strength, preventing liquid run-off and extending glove life. Additionally, they are sanitized with bacteriostatic and fungistatic additives for advanced protection. Perfect for degreasing, food handling, janitorial tasks, and more. Stay safe with our latex-coated hand gloves!

Warranty: 1 year from the date of invoice against any manufacturing defects.

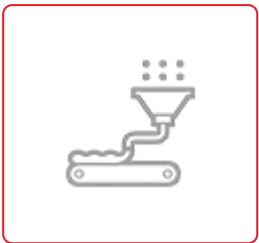

Ideal for use

Degreasing

Detergents & cleaning liquids

Food handling

Meat & poultry processing

Janitorial use
