Frontier Nitrile Green Gloves

SKU: FT551

Key Features

Light, reusable nitrile gloves for handling oil-based chemicals & solvents.

Overlapped diamond-pattern on the surface for unmatched grip in wet/oily conditions.

Optimal flexibility and dexterity for comfortable working.

Good abrasion resistance for protection when handling coarse objects.

Cotton flock lined improves comfort of the gloves.

Certification:

EN 388:2016, EN ISO 374-1:2016/Type A, EN ISO 374-5:2016-Virus

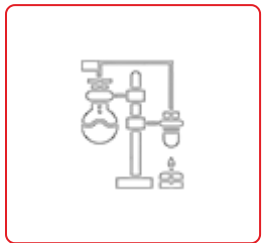

Description

Introducing the Frontier Nitrile Green Gloves FT551 (<https://karamonline.com/chemical-resistant-gloves-green-ft551>), your go-to solution for safe handling of oil-based chemicals and solvents. These lightweight, reusable cut-resistant gloves feature an overlapped diamond pattern for exceptional grip in wet or oily conditions. Designed for optimal flexibility and dexterity, they ensure comfortable working experiences while providing good abrasion resistance for handling coarse objects. The cotton flock lining enhances comfort, making them suitable for extended wear. Certified to EN 388:2016 and EN ISO 374-1/5, these safety hand gloves are ideal for chemical processing, degreasing, light assembly, and food processing, including meat and poultry tasks.

Warranty: 1 year from the date of invoice against any manufacturing defects.
