

HPPE, Glass, Nylon & Spandex Plaited Composite Knitted Liner with NFT Coating

SKU: HS53

Key Features

Lightweight cut-resistant gloves that offer superior tactility, dexterity & flexibility.

Ultra-lightweight & coating feels like a second skin and provides maximum comfort.

Provides excellent grip in oily, dry and wet condition.

NFT™ coating enables air diffusion to release heat for 360° breathability.

High performance engineered liner for cut level C resistance.

Made of unique white blue melange and black colour combination for better aesthetics.

Comes with touch compatibility for easy use of electronic devices and data entry/through conductive fibre in the glove liner tips.

Available in sizes: S (yellow band), M (white band), L (black band), XL (orange band), 2XL (green band) & 3XL (brown band).

Certification:

EN 388:2016, ANSI A3, ANSI 4, AS/NZS 2161.3 2020

Description

The HPPE, Glass, Nylon & Spandex Plaited Composite Knitted Liner with NFT Coating HS53 (<https://karamonline.com/hppe-glass-nylon-spandex-plaited-composite-knitted-liner-with-nft-coating-hs53>) is a lightweight, cut-resistant glove designed for maximum comfort and performance. Featuring an ultra-light NFT™ coating that acts like a second skin, it ensures superior tactility, dexterity, and flexibility, while providing excellent grip in oily, dry, and wet conditions. The high-performance engineered liner offers cut level C resistance and 360° breathability through air diffusion. With touch compatibility for easy use of electronic devices, these gloves are perfect for tasks requiring precision and safety. Available in multiple sizes, they combine functionality with aesthetic appeal in a sleek white-blue and black design.

Warranty: 1 year from the date of invoice against any manufacturing defects.
