FORMERLY TECHTIDON NITRO MAX

Nitrile Coating

SKU: HS151

Key Features

Superior comfortable gloves with good chemical protection and strong mechanical performance.

Has an outstanding abrasion resistance, provides heavy duty mechanical and chemical protection.

Made of unique green color for better aesthetics.

The nitrile coating offers superior dexterity and excellent grip in both wet and dry conditions.

Certification:

EN 388:2016, EN ISO 374-1:2016/TYPE A (AJKLPT) and EN 374-5:2016

Description

The Nitrile Coating Gloves HS151 (<https://karamonline.com/nitrile-coating-safety-gloves-hs151>) offer superior comfort, providing excellent chemical protection and strong mechanical performance. Designed for heavy-duty use, these gloves deliver outstanding abrasion resistance, ensuring durability in tough environments. The unique green color enhances visibility and aesthetics, while the nitrile coating provides superior dexterity and an excellent grip in both wet and dry conditions. Ideal for industrial and chemical handling tasks, these gloves combine safety, performance, and comfort for demanding applications.

Warranty: 1 year from the date of invoice against any manufacturing defects.
