Peakless Designed Safety Helmet with Ratchet type Adjustment and Y- type Chin Strap

SKU: PN546(YTC)

Key Features

Dual corrugation.

Made up of polypropylene co-polymer.

Peakless design for unobstructed and wider vision.

Increased vertical clearance for optimum shock absorption.

Ratchet type adjustment for comfort and better grip.

Has ventilated slots which can be opened / closed with the help of a shutter to prevent any rain water seepage

Certification:

EN 397:2012+A1:2012, IS 2925:1984

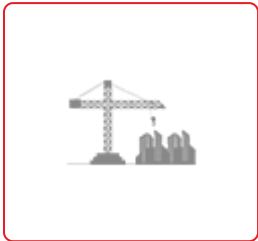

Description

The PN 546(YTC) Safety Helmet (<https://karamonline.com/head-protection/safety-helmets>) is designed for superior head protection (<https://karamonline.com/head-protection>) in demanding work environments. Made from durable polypropylene co-polymer, this work hat features dual corrugation for added strength and shock absorption. Its peakless design offers a wider, unobstructed field of vision, while the Y-type chin strap ensures a secure, snug fit. With a ratchet adjustment for comfort and ventilated slots to prevent rainwater seepage, this protective helmet is ideal for construction, oil & gas, and mining industries at a competitive safety helmet price.

Warranty: 1 year from the date of invoice against any manufacturing defects
