Peakless Designed Safety Helmet with Slider type Adjustment and Y – type Chin Strap

SKU: PN545(YTC)

Key Features

Dual corrugation.

Made up of polypropylene co-polymer.

Peakless design for unobstructed and wider vision.

Increased vertical clearance for optimum shock absorption.

Y- type chin strap for more snug fit and to eliminate all the possible chances of helmet from coming off the head.

Slider type adjustment

Has ventilated slots which can be opened / closed with the help of a shutter to prevent any rain water seepage.

Certification:

EN 397:2012+A1:2012, IS 2925:1984

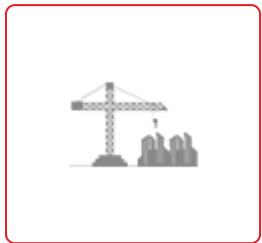

Description

The PN 545(YTC) Work Safety Helmet (<https://karamonline.com/head-protection/safety-helmets>) offers excellent head protection (<https://karamonline.com/head-protection>) in high-risk environments. Made from durable polypropylene co-polymer, this industrial helmet features dual corrugation for enhanced strength and shock absorption. Its peakless design provides a wider, unobstructed field of vision, while the Y-type chin strap ensures a secure fit. The slider adjustment allows for a comfortable and customized fit, and the ventilated slots can be adjusted to prevent rainwater seepage. Ideal for construction, oil & gas, and mining industries, this PPE helmet delivers reliable protection at a competitive safety helmet price.

Warranty: 1 year from the date of invoice against any manufacturing defects
