Description

The Polyester Liner with Nitrile Coating HS32 (https://karamonline.com/polyester-liner-with-nitrile-coating-white-safety-gloves-hs32) is designed for ultimate comfort and durability. These flexible work gloves feature a high-performance nitrile palm coating, providing superior abrasion and tear resistance due to its dense construction. The unique white and grey color combination enhances the glove's aesthetic appeal, making it not only functional but also stylish. The nitrile coating ensures an excellent grip, making these gloves ideal for use in both dry and oily environments. Perfect for a range of industries, these gloves offer exceptional protection and performance, keeping your hands safe and secure during demanding tasks.

Warranty: 1 year from the date of invoice against any manufacturing defects.
