

Polyester Liner with Polyurethane Coating Black

SKU: HS24

Key Features

- Has a high abrasion resistance.
- Made of black color for better aesthetics.
- Offers good grip in dry and mild oily conditions

Certification:

EN 388:2016

Description

The Polyester Liner with Polyurethane Coating Black HS24 (<https://karamonline.com/polyester-liner-with-polyurethane-coating-black-safety-gloves-hs24>) is a high-performance glove designed for durability and comfort. Made with high abrasion resistance, it ensures extended wear and protection in tough working conditions. The sleek black color provides a professional appearance while also hiding dirt and stains, maintaining its aesthetic appeal over time. The polyurethane coating delivers an excellent grip, particularly in dry and mildly oily environments, offering improved control and safety. Lightweight and flexible, this liner offers great dexterity, making it ideal for precision tasks across various industries, from automotive to manufacturing, where both protection and performance are essential.

Warranty: 1 year from the date of invoice against any manufacturing defects.
