

Polyester Liner with Polyurethane Coating White

SKU: HS23

Key Features

- Has a high abrasion resistance.
- Made of white color for better aesthetics.
- Offers good grip in dry and mild oily conditions

Certification:

EN 388:2016

Description

The Polyester Liner with Polyurethane Coating White HS23 (<https://karamonline.com/polyester-liner-with-polyurethane-coating-white-safety-gloves-hs23>) combines durability and performance, making it an excellent choice for a wide range of tasks. Featuring high abrasion resistance, it ensures long-lasting use even in demanding environments. The white color adds a clean, professional appearance, enhancing its overall aesthetics. The polyurethane coating provides a secure grip, particularly in dry and mildly oily conditions, offering improved control and safety during handling. Lightweight and flexible, this liner provides comfort and protection without compromising dexterity, making it ideal for industries where precision and durability are essential. Perfect for both light and heavy-duty applications.

Warranty: 1 year from the date of invoice against any manufacturing defects.
