Safety Helmet with Protective Peak with Ratchet type Adjustment and Y – type Chin Strap

SKU: PN542(YTC)

Key Features

Dual corrugation.

Made up of polypropylene co-polymer.

Increased vertical clearance for optimum shock absorption.

Y- type chin strap for more snug fit and to eliminate all the possible chances of helmet from coming off the head.

Ratchet type adjustment for comfort and better grip.

Has ventilated slots which can be opened / closed with the help of a shutter to prevent any rain water seepage.

Certification:

EN 397:2012+A1:2012

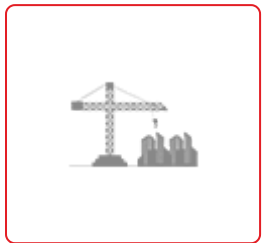

Description

The PN 542(YTC) is a durable and reliable work hat designed for optimal head protection (<https://karamonline.com/head-protection>). Made from polypropylene co-polymer with dual corrugation, it offers excellent shock absorption and increased vertical clearance. The Y-type chin strap ensures a secure fit, preventing the helmet from slipping, while the ratchet adjustment allows for a personalized, comfortable fit. Featuring ventilated slots with adjustable shutters, this construction helmet protects against rainwater seepage. Ideal for high-risk industries like mining, oil & gas, and construction, it delivers superior safety and comfort.

Warranty: 1 year from the date of invoice against any manufacturing defects

Ideal for use

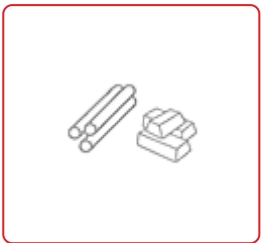

Construction

Oil and Gas Industries

Real Estate

Iron and Steel

Petrochemical

Mining Industry
