Surgical 3 Ply Mask with Ear Loops

SKU: RFM50

Key Features

- Triple-layer protection from airborne contaminants.
- Breathable polypropylene material.
- Soft fabric ensures comfort during long wear.
- Water-repellent outer layer resists moisture.
- Adjustable nose clip ensures proper seal.

Certification:

ISI 16289:2014 CM/L-8300142210 Class 3

Description

The KARAM RFM50 is a 3-ply disposable surgical mask crafted for daily protection against airborne contaminants. Featuring soft ear loops, a breathable inner layer, and a high-efficiency filter, it offers a secure and comfortable fit. Ideal for light industrial, medical, and public-use environments, it helps reduce exposure to dust, bacteria, pollen, and smoke. The mask is designed for up to 12 hours of cumulative wear, making it suitable for long shifts. Lightweight, hygienic, and easy to wear, RFM50 ensures safety without compromising comfort, especially in settings that demand everyday protection

Warranty: 1 year from the date of invoice against any manufacturing defects.

Ideal for use

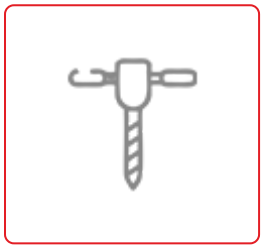
Painting

Construction

Maintenance

Agriculture

Pharmaceuticals



Drilling

Mining and Quarrying

Petrochemical
